

# Kenny Wayne Shepherd Band, In 2 Deep

Everybody scatter  
There's a mad man on the run  
Stumblin' through the wreckage  
Like a blind man with a gun

Nowhere to hide  
I'm in too deep  
Can't see the light  
'Cause I'm in too deep  
Over my head

Caught up in a hurricane  
That never seems to end  
Hard to know the devil  
When he looks like your best friend

Nowhere to hide  
I'm in too deep  
Can't see the light  
'Cause I'm in too deep  
Over my head

Ohh... I should have known  
But I can't let go  
'Cause I'm in too deep  
Over my head  
Over my head

(Solo)

Ohh... someone call somebody  
The asylum's under siege  
Inmates took a hostage  
I'll be damned if it's not me

Nowhere to hide  
I'm in too deep  
Buried alive  
'Cause I'm in too deep  
Can't see the light  
In too deep  
Buried alive  
Ohh...no I'm in too deep  
I'm over my head  
Over my head  
Over my head
