

# Kenny Wayne Shepherd, Deja Voodoo

Needles in my heart, spell on my mind  
Your powerful potion gets me every time  
I toss and turn, I can't sleep at night  
Your kiss burns, through my dreams

Chorus:

Here it comes again  
I don't stand a chance  
Soul possession  
Got me in a trance  
Pullin' me back to you -  
Deja voodoo

Fire in the dark, pounding in my brain  
Driven by the chant calling out my name  
I toss and turn, I can't sleep  
Your kiss burns, through my dreams

[repeat first verse]

[repeat chorus]
