

Kensington Gore, Kurt Drickamer

Aw shit!

They say nothing in this world is free
Not even bodybags for you and me
You know, there ain't no way, that at the end of the day
We'll make it out of here unscathed, so

Kick back, and take your shoes off
Cuz I can see this place is about to blow up
Crazy as it all may seem,
This is just one of my wet dreams;

When the world's aflame, and you're crying in shame
I'll be tearing at the seams, and I'll scream;

Motherfucker

Get up
Get up
Get up
Get up
Get up
Get up
Go

Well if this is what you call redemption babe
Hell, you've got another thing coming
Whilst your lovers cry, blood fills your eyes
The pendulum swings both ways
So if this is what you've always wanted, buddy
Then take it, it's all for you
Feast your eyes on parasites
Let their stare lead you away
(x2)

I know this dump is wasted, sorry
But it's all that I call home
And if you can't take the sick, sick stench
Then you can spend the night alone
I've only got eyes for you now sugar
Cuz this party's coming to an end
But I've got the numbers of some organ donors
Who can hook up with your friends
(x2)

This world's coming to an end
So we don't have much time left
If you grant me this, my one last wish
I'll break I will not bend
Would you sign your life away for me baby?
Did I never really have a chance?
Would you sign your life away for me baby?
Did I never really have a chance?

We are those who ever dream
(We are those who ever dream)
Of a world we'll never see
(We are those who ever dream)
When I'm down in hell, you know me well
I'll save you all a seat
(We are those who ever dream)

We are those who ever dream
(We are those who ever dream)
Of a world we'll never see
(We are those who ever dream)

When I'm down in hell, you know me well
(We are those who ever dream)
I'll save you all a seat
(We are those who ever dream)

(inaudible)
(laughter)
