

Kent, Rollercoaster

On the highway there's no traces left
all accidents and incidents
The Christmas snow had slipped his mind
as ever the forgetful kind

If I fall
will you be there to catch me if I fall
When I fall
will you be there to catch me when I fall
Down, down, down, down...

The radio plays cover songs
new lyrics, sex and sing-alongs
Suddenly I lost my friends
they don't call me and I don't call them

If I fall
will you be there to catch me if I fall
When I fall
will you be there to catch me when I fall
Down, down, down, down...

Nothing matters if you stay here, hold
me tight
All those memories will be lost in time
Nothing matters if you stay here hold
me tight
All those memories will be lost in time

Like tears in the rain, like tears in the rain
Like tears in the rain, like tears in the rain
I need you, I need you now I need you now
