Come Speak To Me  
(Music and lyrics by Elisa Toffoli)

Come speak to me  
Easy like hands on skin  
Come speak to me  
Easy like sky on earth  
We are going to do something  
If you come and tell me  
How you feel  
'cause we are gonna work it out  
Even if your world's falling apart

Are you gonna do something?  
Are you gonna trust me?  
Are you gonna take care of what I've been given? Are you?

Birds are crying for the two of us  
I can't sleep  
'cause the moon reminds me of your face  
And now I can see sunsets on my homeland  
Through your words still alive

Come speak to me  
Easy like hands on skin  
Do you know why I left?  
It's 'cause I was digging into my past  
Are you gonna do something?  
Are you listening to me?  
Are you gonna take care of what I've been givin'?  
Are you? Are you?

Birds are crying for the two of us  
I can't sleep  
'cause the moon reminds me of your face

And now I can see sunsets on my homeland  
Cause your words are alive for both of us

I can't sleep  
'cause the moon reminds me of your face  
And now I can see sunsets on my homeland  
Through your words still alive

The sun keeps telling me stories  
(are you listening to me? are you?)  
The moon keeps telling me stories  
(are you gonna take care of what I've been givin'?)

Birds are crying for the two of us  
I can't sleep  
'cause the moon reminds me of your face  
Now I can see sunsets on my homeland  
Cause your words are alive for both of us

I can't sleep  
'cause the moon reminds me of your face  
And now I can see sunsets on my homeland  
Cause your words are alive

Come speak to me  
Come speak to me  
Come speak to me

Come speak to me

Come speak to me  
Come speak to me

Now come speak to me  
Come speak to me
