

# Kenziner, Dreamer

[1]

Dreams of what you said would be  
Dreams that died so uselessly  
Dreams that died, dreams that died, dreams that died...yesterday

[2]

How well I remember, the words you spoke  
Of how we'd be, forever more  
I've come to realize, the act you played  
A tragedy of heart, you set the stage

[3]

Everyday, I face the abandonment  
Leaving me with nothing but emptiness  
Why was I, sentenced to banishment  
Live or die, guilty or innocent

[4]

All the nights, the cold lomely nights  
Wondering why, I'm still alive

[5]

Cries of the dreamer, dreams of how you said it would be  
Cries of the dreamer, mourning the loss of lost fantasy

[6]

You never told me that, you never loved me  
Youi just kept me around to bleed  
You said you loved me but you never warned me  
You just kept me for your needs

[repeat 3]

[repeat 5]

You never told me, you never loved me
