

# Keren Ann, Nolita

It's late

I think I'm gonna stay  
I think I'm gonna bury you  
I think I'm gonna bury you...or myself

It's late

I think it's gonna rain  
I think I'm gonna bury you  
I think I'm gonna bury you...or myself

Somewhere I'd like to be cold and safe  
If you're here to cry over someone else  
Through the upper tide  
I would be insane...but myself

It's late

I think it's gonna rain  
I think I'm gonna bury you  
I think I'm gonna bury you...or myself

Somewhere I'd like to be cold and safe  
If you're here to cry over someone else  
Through the upper tide  
I would be insane...  
To be cold and safe  
If you're here to cry over someone else  
Through the upper tide  
I would be insane

If you're here to cry over someone else  
I would be insane...but myself

Its late

I think I'm gonna stay  
I think I'm gonna bury you  
I think I'm gonna bury you...or myself

Somewhere I'd like...
