

Keri Noble, Piece Of My Heart

Driving down the highway
Saying goodybye to it all
In between the blues and greens
We're following the call
That takes us so far away
From summer's sunny days
I'm missing you already
I can still see your face
Sitting underneath the stars
With a cold beer and old friends
Talking till the sun comes up
And then we'd do it again
Well you've become a part of me
That I never wanna lose
Till we come back together
You know I'll be missing you.
I can hear us laughing
I remember every part
I've got everything we ever did
It's tattooed on my heart
There's a cold wind coming in
And blowing us apart
Till the summer brings us back
Know you've got a piece of my heart
Watching your taillights
Fading out of my sight
Feeling like the sun just lost a little bit of its light.
You've left your memory to linger
With new memories to start
Till the summer brings us back
Know you've got a piece of my heart
