

# Kerli, Beautiful Inside

Is it cold where I'll be tonight  
I should say that I don't care at all  
Do I have a place to sleep at night  
You should know that I don't care at all

You wont hear me cry  
Cos I don't care at all  
I'm beautiful inside  
And I don't care at all

If u'll take me away  
Whatever u do  
Whatever u say  
I don't care about me  
I don't care about u  
I don't know what is right  
Don't know what is wrong  
I'm singing my song  
I'm not trying to hide that I am beautiful inside  
Beautiful inside

Am I drunk or high tonight  
I am sure that I don't care at all  
Do you still wanna hold me tight  
I'm not sure that I don't care at all

You wont hear me lie  
Cos I don't care at all  
I'm a little creep inside  
Who doesn't care at all

If u'll take me away  
Whatever u do  
Whatever u say  
I don't care about me  
I don't care about u  
I don't know what is right  
Don't know what is wrong  
I'm singing my song  
I'm not trying to hide that I am beautiful inside  
Beautiful inside. Beautiful inside

If u'll take me away  
Whatever u do  
Whatever u say  
I don't care about me  
I don't care about u  
I don't know what is right  
Don't know what is wrong  
I'm singing my song  
I'm not trying to hide that I am beautiful inside
