

# Kerli, Hurt Me

So full of rage  
The human race  
Hold me while I'm falling down  
Rearrange what you have found

Hurt me  
You see me crawling on the floor  
Is that what you've been longing for?  
Hurt me  
Is this enough?  
Do you want more?  
Go on if it makes you soar

(repeat)

You hate my face  
My sweet embrace  
You hate me when I'm all around  
Enjoy it when I'm burning down

Hurt me  
You see me crawling on the floor  
Is that what you've been longing for?  
Hurt me  
Is this enough?  
Do you want more?  
Go on if it makes u soar

Hurt me  
You see me crawling on the floor  
Is that what you've been longing for  
Hurt me  
Is this enough?  
Do you want more?  
Go on if it makes you soar
