

Kerli, Hurt Me

So full of rage
The human race
Hold me while I'm falling down
Rearrange what you have found

Hurt me
You see me crawling on the floor
Is that what you've been longing for?
Hurt me
Is this enough?
Do you want more?
Go on if it makes you soar

(repeat)

You hate my face
My sweet embrace
You hate me when I'm all around
Enjoy it when I'm burning down

Hurt me
You see me crawling on the floor
Is that what you've been longing for?
Hurt me
Is this enough?
Do you want more?
Go on if it makes u soar

Hurt me
You see me crawling on the floor
Is that what you've been longing for
Hurt me
Is this enough?
Do you want more?
Go on if it makes you soar
