

# Kesha, Rich, White, Straight, Men

you could ride a unicorn to school  
and if you fall off  
you'd have healthcare  
(no you don't!)  
and if you finish school  
you'd go to college for free  
that makes sense and that's fair  
(no it's not!)  
and if you were a lady  
then you won your lady parts  
just like a man goes to a dealership  
and then he owns a car

vroom /2x  
fuck you!

what if life as we knew it was over?  
guess what?  
god is a woman  
I know her

what if rich, white, straight men  
didn't rule the world anymore?  
(hahahahaha)  
what if rich, white, straight men  
didn't rule the world anymore?  
(hahahahaha)

if you're from another land then come here  
you won't have to climb a wall  
yes, you will  
and if you are a boy who loves a boy  
you'll get a wedding cake and all  
not in Colorado  
and if you are a lady and you do your lady wpork  
then you will make as many dollars as the boys  
no just 2 thirds

cha-ching  
fuck you

what if life as we knew it was over?  
guess what?  
god is a woman  
I know her

what if rich, white, straight men  
didn't rule the world anymore?  
(hahahahaha)  
what if rich, white, straight men  
didn't rule the world anymore?  
(hahahahaha)

twinkle, twinkle litte star  
how I wish the world was different  
where who you love and who you are  
was nobody's fucking business

what if rich, white, straight men  
didn't rule the world anymore?  
(hahahahaha)  
what if rich, white, straight men  
didn't rule the world anymore?  
(hahahahaha)
