

Ketsia, Gimme All Your Love

Gimme All Your Love

What were you thinkin' boy
When you put all my love away
D'you know of all the joy
So much that you would want to say

Gimme all your love
Gimme all your love
Gimme all your love, baby
Honey did you think I'd let you go

Gimme all your love
Gimme all your love
Gimme all your love, baby

Baby I just want to let you know

It'll never be easy baby
It'll never move all that fast
But you gotta keep holdin' on

It'll never be easy baby
It'll never move all that fast
But you gotta keep holdin' on, Holdin'on

How do you think you'll make it
Without me showin' you the way
If I'm not there to change it
There's only one thing left to say
