

Kevin Borg, Every Bit Of Me

Once upon a time I had a dream, I had a vision
of that someone, that was missing in my life
Here I am looking back on the road I used to travel
through the darkness, through the times of sacrifice
I can't believe how things can change so fast
I can see it in your eyes,
we're gonna last
refr.

With every bit of me, with all my heart
with every single breath I'm gonna love you
falling to my arms tonight, and make it alright
if you ever come to doubt this words
let me be the one to break it to you
I will love you endlessly,
with every bit of me
Ooh-ho

Love, come and go
but as long as you are with me
I am happy, to be someone in this world
you're the day, that changed it all
you're the night I will remember
For as long as I am walking on this earth
Ooh
refr.

With every bit of me, with all my heart
with every single breath I'm here for you now
I'm gonna love you endlessly
with every bit of me
Ohoo-yeah

If you can dream it, if you believe it
like I believe it standing here with you
you brought something, right out of nothing
you are the one thing that makes it all come true
I can see it in your eyes
we're gonna last
refr.

With every bit of me, with all my heart
with every single breath I'm gonna love you
falling to my arms tonight, and make it alright
if you ever come to doubt this words
let me be the one to break it to you
I'm gonna love you endlessly, with every bit of me
Yeaah-Yeah, Ohho

Falling to my arms tonight, and make it alright
if you ever come to doubt this words,
let me be the one to break it to you
I'm gonna love you endlessly,
with every bit of me
