cats and christ

put you in a tiny box that's filled with old victims who  
can't explain how they love their moms  
and all the hands that retreat  
they try to slip right down their pussy  
but theres nothing that you thought is wrong

but you are too beautiful to fuck  
you're too beautiful  
you are too beautiful to fuck  
you're too beautiful

slice my eyes

took me through another night that goes all night through  
tries to sieze what their hearts have lost  
my best friend took me in  
and laid me down beside my own sin  
and I said "can you  
please forgive the love?"

'cause you are too beautiful to fuck  
you're too beautiful  
you are too beautiful to fuck  
you're too beautiful
