

Kevin Fowler, Long Neckin' (Makes For Short Me

There's a hole in the wall just across the tracks
When I'm missin' you that's where I hang my hat
On the antler hook there by the door
I get bellied up and get ready for

(Chorus)
A little long neckin'
Pourin' 'em down the hatch
Chug a lug a luggin' this regrettin'

Washin' away the past
Yeah I'll do it up right
With a cold one tonight
It's a sure fire remedy
Yeah long neckin' makes for short memories

Now sometimes it just takes one or two
And you'd never even know that I knew you
Ahh but then there's nights you won't get gone
And I'm on that barstool all night long

(Chorus)

A lot of non-stoppin' top poppin'
Gets the forgettin' done
Lookin' down this bar
It's plain to see
I ain't the only one

(Chorus)
