

Kevin McDermott, September Songs

From this moment on
I'm somebody new
Somebody that I care about
Something you gotta do

From this moment on
I'm somebody else
Somebody I can't do without
No danger to myself

Save your September song
I don't hear a thing
I'm here all Summer long
Before you've thought of Spring
From this moment on

From this moment on
Those are stars in the sky
Not holes where the rain gets in
Or something in my eye

Save your September song
I don't hear a thing
I'm here all Summer long
Before you've thought of Spring
From this moment on

From this moment on
Save your September song (don't want to hear about the rain)
Save your September song (don't want to hear about the rain)
From this moment on (don't want to hear about the rain)

Save your September song (don't want to hear about the rain)
From this moment on (don't want to hear about the rain)
