

Kevin Rudolf, Great Escape

One night when i was asleep
I had a dream i could fly
I felt the cold on my skin
Then i open my eyes
So i jumped out of bed
Went down the fire escape
Now i'm laid out on the street
I wasn't runnin away
From something i could control
It was inside of me
I didn't know where to go
But i decided to leave
I still remember that night
I've never been the same
Still wonder if i could fly
Was it just a dream
I was unhappy for so long
So many times i walked away
Think i was searching for something
Not knowing what i had to face
Untill i found out the reason
That's when i made my great escape
But now it's to late say i'm sorry
Turn around,
Turn around,
Turn around,
Turn around
One night when i couldn't sleep
I heard a knock at the door
She put her hand on me slow
And then she opened my heart
I asked myself "is this real"?
I've never felt this way
She said "i need to escape"
I said i know a place
So she laid down on my bed
I said "confide in me"
She looked deep into my eyes
And she invited me
She must of lived in the sleep
She never said good bye
Could angels took her away
I guess now she can fly
I was unhappy for so long
So many times i walked away
Think i was searching for something
Not knowing what i had to face
Untill i found out the reason
That's when i made my great escape
But now it's to late say i'm sorry
Turn around,
Turn around,
Turn around,
Turn around
And i was unhappy for so long
So many times i walked away
I think i was searching for something
Not knowing what i had to face
Untill i found out the reason
That's when i made my great escape
But now it's to late say i'm sorry
And this is my song
And this are my words
And this is my story

And this is my song
These are my words
Whoa whoa whao whao
(whoa whoa whao whao) (4x)
This is my song
This is my story
These are my words
Whoa whoa whao whao
(whoa whoa whao whao) (2x)
And this is my song
These are my words
This is my story
And this is my song
These are my words
