Kevin Rudolf, She Can Get It

(Chorus)
Yeah she dont stop
She working' it all about
She moves it around the clock
And she can get it, sh-sh-she can get it
dont quit, the way that she moves it
shes making me lose my grip
And she can get it, sh-sh-she can g-g-get it

She knows just what she likes No matter what the price She got me hurtin' bad, perfect tan, working' out Looks like a million cash, well let me fill your glass And there was money in the bed

(Chorus)

She puts in overtime
And on those slow grinds
She gets a hustle of lupatans, buckle up
But I got that attitude
She got the right moves
Lets put the working' baby, up
and down the avenue

(Chorus)

T-t-turn around and cut u in a blink of an eye Yeah you know she always get what she wants (HELL YEAH)
And yeah its so amazing how shes putting me down Is this love, is this love? (huh)

(Chorus x 2)
