

# Kevin Seconds, Motherfuckers

A stupid name  
It fits the face  
Too bad you're running the place  
A ruined day  
So blue and gray  
Get out before it's too late

No one cares and no one bothers  
Cuz we're all selfish motherfuckers  
And don't think you're the only sucker  
cuz we're all stupid motherfuckers

This dream of yours  
All bent and blurred  
You had your chance  
You blew it  
This dream of mine  
So far behind  
I might as well be silent
