

# Kevin Sharp, This Is Our Night

I don't want to hear about all our troubles  
Baby I've heard enough  
I want to get down deep down deeper  
To the stronger stuff  
Get in touch with the emotional us

If there ever was a river we needed to cross  
If there ever was a mountain we needed to climb  
This is our river, this is our mountain  
This is our time  
If there ever was a night we needed to talk  
One last chance to make love right  
This is our chance, this is our love  
This is our night

This is our night

We got some cold shoulders we need to get over  
Some old "I'm sorry's" to say  
We can still be what we could've been baby  
No it isn't too late, it isn't too late to love these troubles away

If there ever was a river we needed to cross  
If there ever was a mountain we needed to climb  
This is our river, this is our mountain  
This is our time  
If there ever was a night we needed to talk  
One last chance to make love right  
This is our chance, this is our love  
This is our night

This is our night

Oh yeah, yeah

If there ever was a night we needed to talk  
One last chance to make our love right  
This is our chance, this is our love  
This is our night

This is our chance, this is our love  
This is our night  
This is our night  
This is our night  
This is our night
