

Kevin Tellie, Mrs.Shaddow

Mrs.Shaddow sits upon my wall, pretends she cant see me
Looks at me like I'm nothing at all
Well ' Hey Mrs. Your in black and grey'
Go to tell her what I did today
How life struck me from behind
She replies in her simple tone
'Well I cant get you off my mind'

Mrs.Shaddow finds her way home
Walks home alone
Finds her lover kisses him away
I still cant find my way home
I'm alone

Cries to me in the darkened night
She comes to me with her fears
Says 'I found someone that is quiet'. '
Then she covers in tears

Mrs.Shaddow finds her way home
Walks home alone
Finds her lover kisses him away
I still cant find my way home
I'm alone

Go to tell her what I did today
But Mrs.Shaddow is gone
He flew her off on this red carpet
Why does it feel she's been gone so long ?

Mrs.Shaddow finds her way home
Walks home alone
Finds her lover kisses him today
I still cant find my way home
I'm alone

Mrs.Shaddow falls off my wall
Into this sea of black
Doesn't talk to me in her simple tone
And I still cant find my way home
