

# Kevin Tellie, Mrs.Shaddow

Mrs.Shaddow sits upon my wall, pretends she cant see me  
Looks at me like I'm nothing at all  
Well ' Hey Mrs. Your in black and grey'  
Go to tell her what I did today  
How life struck me from behind  
She replies in her simple tone  
'Well I cant get you off my mind'

Mrs.Shaddow finds her way home  
Walks home alone  
Finds her lover kisses him away  
I still cant find my way home  
I'm alone

Cries to me in the darkened night  
She comes to me with her fears  
Says 'I found someone that is quiet'. '  
Then she covers in tears

Mrs.Shaddow finds her way home  
Walks home alone  
Finds her lover kisses him away  
I still cant find my way home  
I'm alone

Go to tell her what I did today  
But Mrs.Shaddow is gone  
He flew her off on this red carpet  
Why does it feel she's been gone so long ?

Mrs.Shaddow finds her way home  
Walks home alone  
Finds her lover kisses him today  
I still cant find my way home  
I'm alone

Mrs.Shaddow falls off my wall  
Into this sea of black  
Doesn't talk to me in her simple tone  
And I still cant find my way home
