

Khalid, Silver Platter (Piosenka z filmu Barbie)

Utwór Silver Platter to piosenka z filmu Barbie. Premiera już wkrótce.

Baby, take a look over your shoulder
Something's gettin' near but you keep gettin'
If I in between us
Would you even care or would you walk away?

Fightin' for affection from you never been easy
Givin' me impressions that I gotta work hard
If I could pick you up, we'd be in Malibu speedin'
You show me directions till I don't know where you are

Ooh, yeah
Give me the chance
To prove that I can
Give you the world
If I was your man, yeah
I'd give you the world in a silver platter
Wouldn't even matter
I'd give you the world in a silver platter
Wouldn't even matter
I'd give you, I'd give you affections
All the things that I'd do

Can we talk about
Can we talk about

Ooh, yeah
Give me the chance
To prove that I can
Give you the world
If I was your man, yeah
Give me the chance
To prove that I can
Give you the world
If I was your man, yeah
I'd give you the world in a silver platter
Wouldn't even matter
I'd give you the world in a silver platter
Wouldn't even matter
Give me the chance
To prove that I can
Give you the world
If I was your man, yeah
If I was your man
