

# Khalid, Skyline

All lights  
All on you  
City lights  
Fall on you  
It's a beautiful world  
We're so high  
I'm with you  
Hypnotized  
I'm with you  
It's such a beautiful world

It's like I'm living my dream  
Yeah  
Feels like we're on LSD  
Yeah

It's a Wednesday night  
And we're running out of time  
Won't you take my hand  
Hop into my skyline  
It's only just a rebuild  
But I swear it feels real  
When you take my hand  
In my passenger side

Leave it all  
In our rear view  
As we pass the finish line  
It's just us  
Yes it's you and I  
Racing under the green light  
Intensify  
Lately I feel so alive
