## Khalid, Up All Night

take me around the world and back again as I ma searching for my soul out there there's something that I am wondering where I am going when my story ends

doesn't even matter anyway, no focused and I am coping whit the pain we're only getting older by the day we're only getting older only getting older

doesn't even matter anyway, no focused and I am coping whit the pain we're only getting older by the day we're only getting older only getting older
