

# Khoiba, Terribly (Remix By Juanita Juarez)

it's terrific how the day after day hurts  
'cause someday i'll believe you  
one day i could breath  
it's terrific how the day after day hurts  
'cause someday i'll believe you  
once more

it's terrific hate you day after day more  
'cause someday i'll believe you  
one day i could breath  
it's terrific hate you day after day more  
'cause someday i'll believe you  
one day if i could breath

just without the same  
it's time to wake up  
leave you here but  
I am not to blame

it's terrific how was the day after day worse  
and someday i had lost you  
and someday i can't breathe  
it's terrific how was the day after day worse  
and someday i had lost you  
once more  
once more i can't breathe

just without the same  
it's time to wake up  
leave you here but  
i am not to blame

i can't breathe

just without the same  
it's time to wake up  
leave you here but  
i am not to blame

it's time to wake up  
leave you here

it's time to wake up  
leave you here but  
i am not to...blame
