

Khruangbin & Leon Bridges, Chocolate Hills

I love the way we spend the time
Running through your fields
The way we play
In your chocolate hills
Please stay forever
Just stay forever
It feels like heaven
When I'm kissin on your rose
Kissin on your rose
Kissin on your rose colored lips

Baby let's go
Slide out
To a place no one knows we are dreaming
Are we not
Who cares
Let's get lost in the flow

I love the way we spend the time
Running through your fields
The way we play
In your chocolate hills
This day forever
This day forever
It feels like heaven
Woah
Kissin on your rose
Kissin on your rose colored lips

Baby put down
Your pride
No need to have fear
I will take care of you
Lay down
Just be with me here

I love the way we spend the time
Running through your fields
The way we play
In your chocolate hills
Please stay forever
It's now or never
It feels like heaven
Woah
Kissin on your rose
Kissin on your rose colored
Kissin on your rose colored lips

The way we spend the time
Running through your fields
The way we play
In your chocolate hills
Please stay forever
Please stay forever
It feels like heaven
When I'm kissin on your rose
Kissin on your rose
Kissin on your rose colored lips
