

Kickball, Beard

When you think you won
ill make you
work so hard
you're beard is good as grown
ill make you grow a new one
you said sorrow never ends
and that use is empty
diseases fill your limbs
and your heart is left at home
you don't take out anymore.

Joy is a joke

you're heart cant hold you back
sure a heart attack
and wonder what you lack
its the excitement
taking risks
its the excitement of
taking risks
its the excitement
