

Kicked In The Head, S.F.U.

Shit's Fucked Up
That's the way it goes
One minute's kicking ass
Then the next one really blows
So at the moment when you think
That everything really sucks
Reality goes and tells you
That your shit's fucked up
Control yourself! Control your mind!
Or else this world's gonna leave your ass behind

SHIT'S FUCKED UP! UH HUH!
SHIT'S FUCKED UP! WHAT!
SHIT'S FUCKED UP! OH YEAH!
SHIT'S...FUCKED...UP

But you're never getting down
No matter how many hits you take
Gonna kick it live no matter
How many mistakes you make
Holding in perspective
What's good and what's bad
There's no sense in getting angry
There's no sense in getting mad
Control yourself! Control your mind!
Or else this world's gonna leave your ass behind

SHIT'S FUCKED UP! UH HUH!
SHIT'S FUCKED UP! WHAT!
SHIT'S FUCKED UP! OH YEAH!
SHIT'S...FUCKED...UP

When will I live? When will I die?
And how will I keep control of my mind?
This world that we live in
Has got its ups and downs
But I keep on moving' on
And I never hit the...ground
