Me and the team runnin' up, hit 'em up, send 'em up, get 'em on impact (Blaow)
Pull up on scene, have 'em all lookin', we stuntin', no, can not forget that (Uh)
Gather 'round, niggas, the realer, mane (Yeah)
Look in the mirror, see who you are (Are)
All of this evil that's in my way, I pray to God with open arms
No, can't trip, get grip, hands all over these chips, watch this flip
No, see, I ain't no bitch but I'm bent
I parlay with chicks, the man, the myth
See, I'm not dwellin' on that (Uh)
Focus on runnin' these laps, believe (Believe)
Who could it be?
Why am I feelin' so hellish? The devil, indeed (Huh)

Lord, are you hearin' me call out? Ayy (Yeah)
Lord, are you hearin' me call out? Ayy (Uh)
Am I lost? Pray for me, ooh, yeah (Yeah)
Dream on, fly away (Yeah), dream on (Uh)
Lord, are you hearin' me call out? Ayy (Yeah)
Lord, are you hearin' me call out? Ayy (Go)
Am I lost? Pray for me, what's it cost? Everything
Dream on, fly away, dream on
