

Kid Dynamite, Living Daylights

Buckle down
Bury my fate
Let's go
In another direction

Responsibility caught up to me
Too slow
Was the rate of affection

Caught soft in a midnight thought
Cuz i wasn't paying attention
The mistakes and the stakes
Keep me from doing and doing the same

(Whoa oh whoa oh)
Can't say goodbye to my innocence
(I said Whoaoh Whoaoh)
and say hello to consequence
(I said WhooahWooooah)
I can't go on living life like this
(I said Whooooh Whoa)
It doesn't make any sense

Heart stinks
Gut starts to go
Can't think
Cuz I've lost my perception

Head swells
Voice becomes dull
Can't yell
Cuz I've got no projection

Locked tight in my mindsets' blight
But I've got no way to protect it
The mistakes and the stakes
Keep me from doing and doing the same

(Whoa oh whoa oh)
Can't say goodbye to my innocence
(I said Whoaoh Whoaoh)
and say hello to consequence

Kick back and settle down, let it take
(Whoa oh)
"Go head and do what you wanna do"
(wanna do)
What would they say on the day i hit the brakes?
(Whoa oh)
I'm sure they'd be singin a different tune
(different tune)
Kick down the hourglass, let it break
(Whoa oh)
I just did what I wanted to
(wanted to)
Run my fingers through the sand that it makes
Pick it up then I'll throw it in your face

That's right
