

# Kid Ink, Rollin'

[Verse 1:]

I'm picture me rollin, takin you home  
All eyes on me, drink, takin a toast  
Said everybody with me at the side of the road  
It's me against the world but I'm never alone  
In the streets, I be never at home  
Homie, don't you get that wrong  
Hoe please don't touch my phone  
When the thirstiest rap start pourin Patrone  
Somebody get a bottle in here  
Celebratin like we just hit the lottery man  
Put that on everything, by the top of the year  
I'll be on top of my game and probably top of yo bitch  
Tell me

[Pre-Hook:]

Lookin at me rollin on this  
You know what the time is, you know what the time is  
Go ahead and picture a Rollie on my hand  
You know what the time is, you know what the time is  
Goin at it

[Hook:]

Picture me rollin (rollin rollin rollin rollin)

[Verse 2:]

I be thinkin I'm old not giving a fuck  
Charge me with assault, I'm hittin the blunt  
Never droppin em down, I'm just pickin em up  
We ain't gotta go home, just getting a chop  
Just might get you in trouble  
Whole team in here, no need for the huddle  
One hop, two man, I just touched down  
In the city with you but you ever come round my way  
Holler at yo boy for the loud  
I'm down for the pound, put it on for the town  
With your goons for the night, I ain't worried for the height  
Ya'll ain't killin these niggas, gon follow the light

[Pre-Hook:]
