And this is for the questions that don't have any answers  
The midnight glancers and the topless dancers  
The gander freaks, cars packed with speakers  
The G's with the 40's and the chicks with beepers  
The northern lights and the southern comfort  
And it don't even matter if their veins are punctured  
All the crackheads, the critics, the cynics  
And all my heroes in the methadone clinics

All you bastards at the I.R.S  
For the crooked cops and the cluttered desks  
For the shots of Jack  
And the caps of meth  
Half pints of love  
And the 5th's of stress  
For the hookers all trickin' out in Hollywood  
And for my hoods of the world misunderstood  
I said it's all good and it's all in fun.  
"Now get in the pit and try to love someone!!!"

For the time bombs tickin'  
And the heads to hang  
All the gangs gettin' money  
And all the heads they bang-bang  
Wild mustangs  
The porno flicks  
All my homies in the county in cellblock 6

The grits where there ain't enough eggs to cook  
And for D.B. Cooper and the money he took  
You can look for answers but that ain't fun.  
"Now get in the pit and try to love someone!!!"

And for the peace (for the peace)  
War!!
