

# Kid Rock, Happy New Year

Happy New Year, Happy New Year  
Let's raise a glass, here's to you dear  
Now I was hoping that I'd find you here  
Just to wish you a Happy New Year

Kiss me pretty, kiss me pretty  
When that ball drops on New York City  
When that clock strikes I'll pull you near  
Just to wish you Happy New Year

I'll quit smokin', I'll quit eatin'  
I'm not jokin', I'll quit cheatin'  
I'll quit cursin', I'll quit drinkin'  
I'll be a better person, but tonight I'm thinkin'

Let's get shit faced, let's get shit faced  
Let's get into trouble, let's get outta this place  
And I'll have faith in the coast that you clear  
Say you love me, Happy New Year

Where's my car keys?  
Where's my car keys?  
My place ain't too far, we can crawl on our knees  
What we're feelin' we can't do here  
Sexual healing Happy New Year

I know your thinkin' I must be crazy  
Don't sweat that small stuff, kiss me baby  
Yeah it's September, but with you here  
Every night is a Happy New Year

Happy New Year Happy New Year  
Let's raise a glass, cheers to you dear  
I'm so glad that I found you here  
So you could be my Happy New Year
