

# Kid Rock, Intro

&lt;i&gt;Our lesson begins in the small town of Romeo, Michigan...  
1985.&lt;/i&gt;

Several years ago  
Deep on the West side of Detroit  
I rank souly with old and new school rules of hip hop  
Don Balaw, Wes Chill and my DJ JC fresh  
Rockin' microphones and turn tables day by day, and night by night  
But still the force was not complete  
That's when we met our homeboy by the name of Kid Rock  
Others had doubts of the lad because he was white  
But i knew what time it was  
So i put him behind the tables and this is all he had to say

[Scratching] FUCK OFF!

&lt;i&gt;This... is the History Of Rock.&lt;/i&gt;
