

Kid Rock, Wasting Time

I'm a pimp and you can check my stats
And rollin' a Fleetwood that's how I mack
I rock all the tracks, so the world knows
I love all the girls smack all the hoes
Show love to those who come real with it
Life's a bitch but I deal with it
I'm in it to win it like Yzerman
Can drink about 15 Heinekins
I'm not born again but if I was
I'd ask to come back with a little more love
Puffin' a Winston, drinkin a 4 0
Kid Rock and I'm gonna let you know
I been sittin' here just wastin' time drinking,
smoking, thinking, trying to free my mind
I been sittin' here just wastin' time drinking,
smoking, trying to free my mind

It's been a couple of months in this smokey room
Eatin' shrooms, drinking Boone's
Writin' tunes and hoping to get
One of these muthafucking songs to hit
A little bit of love that's all I need
A little inspiration in a bag of weed
A seed to plant so my tree can grow
You know I left my girl cause I don't need that
H-o-o-old-up wait a minute I'm about to flow
Like a breeze through the trees you can watch me blow

Puffin' a Winston, drinkin' a 4-oh
Kid Rock and I'm gonna let you know
I been sittin' here just wastin' time drinking,
smoking, thinking, trying to free my mind
I been sittin' here just wastin' time drinking,
smoking, trying to free my mind

Oh yeah
Oh yeah
Free my mind... Ooohhh yeah

I ain't no rough guy, ain't no tough guy
Don't get out much, and don't dress up fly
A pawn in the game that's all I am
Givin' all my duckets to Uncle Sam fuck it
I'm free to do what I please little lady
I was born at night but not last night baby
I've been around, seen some things
I've slept in dumpsters, got high with kings
I don't bring much, ain't got a lot to say
But I got more time then Morris Day

Puffin' a Winston, drinkin' a 4-oh
Kid Rock and I'm gonna let you know
I been sittin' here just wastin' time drinking,
smoking, thinking, trying to free my mind
I been sittin' here just wastin' time drinking,
smoking, trying to free my mind
Smokin' and drinkin'
I been sittin' here just wastin' time drinking,
smoking, thinking, trying to free my mind
Tryin' to free my mind
I been sittin' here just wastin' time drinking,
smoking, trying to free my mind
Wastin' my time....hey I'm smokin'...hey I'm drinkin'
...tryin' to free my mind

I been sittin' here just wastin' time...drinking,
smoking, trying to free my mind.
