

Kid Talk, Release

INTRODUCTION

Curse, curse, curse it out
Curse, curse, curse it out
My verse keeps bursting out
Just curse, curse, curse it out

CHORUS

Turn up the radio
Blast the stereo
Right now!
Kid Talk is back again
We will rap again
Get down!

REPEAT ONCE

VERSE 1

Get on the floor
F-R-E-S-H-N-E-S-S
We're fresh!
Kid Talk keeps coming back
Signed once more with our new rap
We're best!
Keep fighting our attack
We're just here to jam and rap
Jump it, higher!

CHORUS

VERSE 2

Break past the course
You feel Kid Talk's force

Burning up with no remorse
We're great!
We feel no regret
Our band is oh-so-hot
Watch us bust moves on the spot
We're fate!
Leaving with one last word
Designed to run and hurt
That of course would be:
Don't hate me cause you ain't me!
What? Pump it, louder!

CHORUS

VERSE 3

Beat out the box again
Kid Talk of course will rap again
Pump it, louder!
Thump it, prouder!
Break out the stereo
Blast a rare theory
Come up and jump again
Kid Talk beats out once again
Jump it, higher!
Fly it, wider!
Soar over crushing waves
Boards break Kid Talk with the save
The day is back again
Once more say we will rap again

CHORUS X2
