

# Kidd G, Silverado In The Sky

I pass that spot on river road  
At that tackle shop where we got these poles  
You know I drive real slow  
Back to that summer's where I go  
Time passes, people change  
But I know one thing that ain't

I go fishing in the dark sometimes  
Cast a line, get to missing you, and keep on wondering why  
I'm in Georgia but your on Heaven's times  
I hope you're still in your silverado in the sky

Bet those 35's are on streets of gold  
Did papaw give up his honey hole  
It's 1 line instead of 2 on the pier  
Raise a glass to your name hold 'em up here  
Has it been days or years or weeks  
Hell I can't lie I still can't sleep  
you're always here with me  
Got your name in my tattoo sleeve

I go fishing in the dark sometimes  
Cast a line, get to missing you, and keep on wondering why  
I'm in Georgia but your on Heaven's times  
I hope you're still in your silverado in the sky

Its a full moon right now  
Saw your reflection  
Lookin down at the water  
Give a damn Bout the bobber  
Cause im missin you right now  
So

I go fishing in the dark sometimes  
Cast a line, get to missing you, and keep on wondering why  
I'm in Georgia but your on Heaven's times  
I hope you're still in your silverado in the sky x3
