

# KiDi, I Lied

If I tell you say I'm okay, I lied  
Everything I feel in my heart and soul  
Oh as you see me so  
I'm smiling  
But I'm dead inside  
Look into my eye you see the pain inside  
I don't wanna chill, I wanna stay inside  
(Whoa, whoa, whoa, whoa)

If I show you my liver  
You go take me to prayer  
Don't wait till I'm under  
6 feet I'm gone  
And dem go tell you he was strong, ooh  
Dem go sing my songs, ooh  
Make nobody call my phone  
I've always been on my own, ooh

So many, many things man I see for life  
And if e no be mama how I fi survive am  
That be the reason why I call Suzanna  
Make she come and hold my body

I dey solo  
Because say, nobody go fi give me the ginger  
Wawolo  
I'm in pain  
Somebody shut the door to my finger  
Nobody knows the things that I be going through  
Nobody knows the things that I be going through  
Nah, nah, nah, nah, nah, nah

If I show you my liver  
You go take me to prayer  
Don't wait till I'm under  
6 feet I'm gone  
And dem go tell you he was strong, ooh  
Dem go sing my songs  
Make nobody call my phone  
I've always been on my own

If I tell you say I'm okay, I lied  
Everything I feel in my heart and soul  
Oh, as you see me so  
I'm smiling  
But I'm dead inside  
Look into my eye you see the pain inside  
I don't wanna chill, I wanna stay inside
