

# Kidneythieves, S & M ( A Love Song )

Distant son, nova fucker  
Hit and run to another  
Took from you, from me  
Lash and caress in between  
Hit the target won an animal  
Got a piece, a trace, a slip inside  
Tore a page from the bind

Handed a twisted sadistic  
Wanted you to fix it  
Chant, cry, moan, lie  
Tender garden bang to dry

Pound the love outta me, beat the love outta me

Best I can do, pleasure/pain  
Too close to you, I'll blow your ash away  
Took from you, from me  
Brutally

Pound the love outta me, beat the love outta me  
[catch me if you can, butter a scent on your hand]

wigs, whips, chains tied  
you laughed, I cried

all I wanted is all you wanted.
