The world gets smaller [world gets smaller]
My heart beats bigger the world gets smaller [world gets smaller]
You might be bigger but I'm much smarter [much smarter]
My heart beats bigger the world gets smaller [world gets smaller]

What don't kill you lets you live To remember what it did I'm a bit relieved you're still the same 'Cause there's no illusion you've changed

Now, it's all over I see now, I'm a veteran of things I don't want to be

And the more I learn, the less I know And the deeper it feels, the less it shows There was a time and a day when I didn't think I would be here

But now, it's all over I see now, i'm a veteran of things I don't want to be I've been down, and it's over 'Cause I see now, I'm a veteran of things I don't want to be

The world gets smaller [world gets smaller]
My heart beats bigger the world gets smaller [world gets smaller]
You might be bigger but I'm much smarter [much smarter]
My heart beats bigger the world gets smaller [world gets smaller]

Now that it's over I see now, I'm a veteran of things I don't want to be Get down, and it's over 'Cause I see now, I'm a veteran of things I don't want to be I don't want to be
