

# Kids In The Way, My Little Nightmare

Hey baby, i just might be my own worst enemy  
But if I'm gonna regret this night  
I won't go down without a fight  
I got a dream that you can't see  
I got a soul that you can't reach  
And there's no time for another chance  
The song died on our last dance

There's no time for falling apart  
I need you like a bullet to the heart  
So long, so you say (hey hey)  
So long, so you say (hey hey)

Hey baby, there's no reason  
To keep me from leaving

'Cause I'm tired of watching you  
Dragging skeletons through the room  
I got a voice that you won't hear  
I got a song that's never clear  
And there's no time for another nore  
It's such a shame but we gave it a g-g-go

There's no time for falling apart  
I need you like a bullet to the heart  
So long, so you say (hey hey)  
So long, so you say (hey hey)

So come on and be my little nightmare  
Put your teeth away  
Cause I know that you care
