

Kieran Goss, I Close My Eyes

I close my eyes and then I can see
Everything I want and how it should be
Don't call me now, I'm falling in a dream
Don't touch me now, go shattering this scene I see
I feel the sun, no place for the rain
And I see your face, you're smiling again
Don't compromise, I'm taking nothing less
I can't disguise these feelings I possess for you

Some day not too far from here
I see a new world drawing near
Some day I know it's all coming true
Just for me and you

I close my eyes, so let it begin
I build a circle round this feeling within
So here and now, you never were the kind
I'll show you how to leave the world behind
For you
