

Kik Tracee, Soul Shaker

(Lyrics: Stephen Shareaux

Music: Rob Grad, Mike Marquis, Stephen Shareaux)

Out on my own just tryin' to stake my claim

Walkin' the wild side Mr. Soul Shaker is the name

I was the first to come, I'll be the last to go, come on

Nobody tells me how to rock n' roll now, no

Soul shaker, summons you to move your body

Groove maker, shake

Soul shaker, everybody come and shake your soul

Shake

What is this liquid you pour over me

I feel I'm bathing in the sea of harmony

So many times I feel I've floated here before

Ain't gonna stop until my soul cries out for more

When I was only eighteen years of age

Some friends of mine we went and crashed that concert stage

We started shakin' like we've never shook before, come on

We're gonna shake until we all drop to the floor

Shake your soul
