

Kik Tracee, Velvet Crush

(Lyrics: Stephen Shareaux)

Music: Rob Grad, Mike Marquis, Gregory Hex, Stephen Shareaux)

So you think you know how to do me

Looking like an Aphrodite

I've never seen you work it so groovy

I think it's about time you got that right

She's getting ready to blow

It's getting outta control

Velvet crush

Oh, girl you give me a rush

Velvet crush

Yeah, it's just a little too much, much

My little velvet crush

I saw her sitting on a swing in the sunset

She was swinging like an innocent child

But then she lifts up her dress

Letting me do the rest

I think I'm gonna dig her style

She's getting ready to blow

It's getting outta control

Velvet crush

Oh, girl you give me a rush

Velvet crush

Yeah, it's just a little too much, much

My little velvet crush

She's getting ready to blow

Why don't you just crush me all night long
