

Kilgore, Drop The Hammer

With a smile and lies, expose your foes
Yourself is it true, bruised by the blows
Keep on begging for another show
Can't go on no more
I'll admit I'm scared
Does anybody care?
It's lust that you appear
As strong as my fears
I've said...yeah
I'm invincible
I'll play...yeah
That I'm invincible
Come on, be the fool
Still play it cool
You think you're immune
To feeling like I do?
I'm feeling used
By your abuse
Looks good to your friends
But it'll fuck you in the end
I've said...yeah
I'm invincible
I'll play...yeah
That I'm invincible
You know this is part of my act
To make you feel
