

Kilgore, Metamorphosis

Do you remember me Lord?
You're gonna find out I am a bug
Crawling up and down your spine
We're gonna fuck it up together
And make it mine
Do you remember me Lord?
Mother, help me find myself alone
Do you wish to help me find a home
Metamorphosis
Do you remember me?
Cause I'm a freaky baby
Well can't you see?
Crawling up and down your spine
We're gonna fuck it up together
And make it mine
Do you remember me?
Mother, help me find myself alone
Father, sister, help me find a home
