

Kill Hannah, Big Shot

So here we go
It's making me sick again
She's beautiful
Yeah she will be in your most perverted dreams

So let it go
And take it to the next level
Then bring it on
If you've got something to say then step up to the plate

Big shot yeah-eah
(I want to be with you)
Big shot yeah-eah
(I want to be with you)
Big shot

Oh at seventeen
They all hated her and me
'That skinny thang'
Well she will be in all of your magazines
So think about it
And watch from your mobile home
She's moving out
God I've waited so long

Big shot yeah-eah
(I want to be with you)
Big shot yeah-eah
(I want to be with you)
Big shot yeah-eah
(I want to be with you)
Big shot
Believe it til your dreams come true
Sometimes well I hope they do

Big shot
Big shot
Big shot
Big shot
