

Kill Hannah, Chloroform (Slow Reaction)

Dont wait too long
And his chance was lost
And he stood his feet
Outside of where we are
But right now
I cant wait too long
So what- shes shy and shes gonna die
Slow reaction, oh
Slow reaction, oh
Too slow to react but youll never forget her
Oh... but now its, over
Oh... but now its, over
Oh
Oh right now
I cant wait too long
So what shes shy and gonna die
I wait outside the show
After the set is over
I wait outside the show
After the set is, over
After the set is over
I know youre so fucked up on it
Oh
Oh
Do do do do do do do do
Have we been chloroformed?
Sometimes were so f-ed up on it
Oh... slow reaction
Oh... slow reaction
Oh... too slow to react but hell never forget her
Oh... But now its, over
Oh... I know its, over
